instructions

- 1 Add the two required ingredients to a mixing bowl;
- 2 Use a spatula to mix the ingredients until they are well combined then kneed mixture with hands;
- 3 If needed, add additional wet or dry ingredient noted to achieve desired consistency.

- * When adding food coloring to the play dough, dust, putty or slime be sure to mix the drops of food coloring in with only the wet ingredient before adding the dry ingredient.
- * If additional instructions are required see notes below recipe or visit TrishSutton.com and "search" for title.
